

ANZIEHUNGS PUNKT im Bahnhof Havixbeck

Clothes and more for her, for him and children too

The Anziehungspunkt is an institution of the protestant church Havixbeck. We collect and sell – according to the seasons – well preserved but low cost clothing for and to everyone in all available sizes! The earned profit is returned to distessed people in Havixbeck.

The work of Anziehungspunkt is based upon four pillars:

1. Well preserved clothing is saved instead of been sheddered and thus ecologically worthwhile disposed.
2. All employees work on honorary post, so the profit is returned to its full.
3. Every citizen and fellow citizen has the opportunity to buy good clothing for children and adults for small money (no piece for more than 10 Euro).
4. The whole profit remains within Havixbeck and will be applied for good cause.

What do we collect?

Collected are clothing, knitted ware, accessories, i.e. scraves, shawls, bags, satchels, suitcases and jewellery, blankets, bed- and household linen as well as shoes and boots arranged in pairs!
